Objective

To secure a position where I can efficiently contribute my skills and abilities to the growth of the organization and make products which intergrate with day to day life.

Experience

- Capgemini** 18/07/2019 - Present
Senior Analyst / Software Engineer

Spearhead industry best practice enhancements through the implementation of ITIL methodologies.
We look after alerts and monitor all application as well as servers, mailbox and if some issues or incidents occur then try to resolve it according to FCO
We monitor tools (CBD, SILVA Console, PAM and 2BeEffecient Map for applications, servers, and network), testing and controls,
New Implementation in FCC
Escalation from ATF (Axa Tech France)
Ensuring FCO validation
We take care of Axa Assistance, Axa Banque, Directe Assurance or AGDF (Axa Global Directe France) etc. except on working hour of SCSO. FCC doesn't entertain DA/AGDF on Saturday between 8-16 hrs CET (SCSO takes care of this only).
We use to monitor the system and if there is any alert or incident then make coordination till problem would be resolved. There are various Monitoring tools which are being used to monitor all system and alerts.

- Date of Birth : 26/01/1997

Additional Information

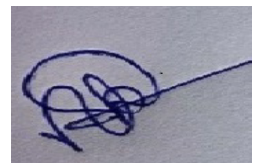

Students volunteer At Adore India As a volunteer, I motivate and inspire school children and build a stronger foundation with them, for them and for a better future of the Nation I devote few hours per week towards some positive

action, which primarily includes interactive sessions in school. a session like these provides an opportunity to augment confidence, personality and responsibility along with leadership skills.

My main works as a volunteer are :-

- Conduct Creative Quest/Pledge /Behavioural self assessments etc. in schools
- Visit schools and conduct interactive sessions with school students in and around the city.

My Adore india Volunteer No- AIV2189
